Lead Interior Designer with over 10 years of international experience delivering hospitality, workplace, luxury residential and commercial interior environments across Qatar, UAE, India and Italy. Skilled in design leadership, concept development, FF&E strategy, procurement coordination, construction documentation and project delivery from concept through completion. Passionate about creating commercially successful and timeless interior environments that balance design excellence with functionality.

EXPERIENCE

Creative Consultant & Freelance Interior Designer

Nov 2025 – Present

INDEPENDENT PRACTICE · SYMMETRICO, ITALY · Doha, Qatar & Milan, Italy

- Delivering bespoke interior architecture and spatial design for private and commercial clients across Doha; managing project lifecycle from concept design through construction documentation and site supervision.
- Collaborating with Symmetrico (Italy) on international exhibition and event environments, contributing FF&E strategy, spatial design and brand experience to high-profile installations.
- Managing client briefs, design development, vendor coordination and project delivery across concurrent luxury residential and commercial fit-out projects.

Senior Interior Designer

Oct 2023 – Oct 2025

ZEBRA PROJECTS FZE · Dubai, UAE

- Led concept-to-delivery interior design for hospitality and F&B environments including Rove Hotels and Salt; managed FF&E specification, material selection, shop drawings and construction documentation.
- Coordinated multidisciplinary teams across design development, procurement and construction phases, ensuring design intent was maintained from concept through fit-out completion.
- Presented design concepts and construction documentation to senior client stakeholders, achieving project sign-off at critical milestones across multiple simultaneous projects.

Senior Interior Designer

Mar 2021 – Jun 2023

INTERIOR TREASURES HOME · Doha, Qatar

- Owned full design lifecycle for bespoke luxury residential projects for UHNW clients; led concept design, FF&E specification, joinery design, BOQ preparation and procurement coordination.
- Led a team of drafters and 3D visualisers across schematic design, design development and construction documentation phases, maintaining quality and delivery timelines.
- Converted client briefs into confident project approvals through immersive 3D presentations, client workshops and personalised design narratives aligned with lifestyle and cultural context.
